

Our foam pigs and spheres are fabricated from the highest quality semi rigid polyurethane foam. The flexible nature of these pigs allows for the negotiation of both short radius bends and unexpected reductions in pipe bore. The basic foam pig design can be adapted to include a variety of tough urethane coatings. The addition of aggressive wire brushes into the urethane coating provides a durable and efficient cleaner for hard pipe scale applications. Foam pigs and spheres are the most cost effective, versatile design of pipeline cleaners in the market today.

HEAVY DENSITY (8-10 lb/ft³ or 128-160 kg/m³)

STYLE	TYPE	FUNCTION
	HDBS Heavy Density Bare Squeegee	Heavy Drying
	HDCC Heavy Density Crisp Cross	Heavy Wiping
	HDWB Heavy Density Wire Brush	Heavy Scraping
	HDSC Heavy Density Silicon Carbide	Heavy Scraping
	PORCUPINE Total Wire Brush	Max Scraping

MEDIUM DENSITY (5-7 lb/ft³ or 80-112 kg/m³)

STYLE	TYPE	FUNCTION
	MDBS Medium Density Bare Squeegee	Regular Drying Flow Rates
	MDCC Medium Density Crisp Cross	Regular Wiping
	MDWB Medium Density Wire Brush	Regular Scraping
	MDSC Medium Density Silicon Carbide	Regular Scraping
	MDPB Medium Density Plastic Brush	Regular Scraping in Lined or Plastic Pipe

LIGHT DENSITY (1-2 lb/ft³ or 32 kg/m³)

STYLE	TYPE	FUNCTION
	MLS Medium Light Swab	Light Drying
	LDBS Light Density Bare Squeegee	Light Drying
	SLS Super Light Swab	Light Drying

OPTIONS

STYLE	TYPE	FUNCTION
	Handling Rope	Polypropylene rope for one or both ends of the pig for ease of handling.
	Transmitter Cavity	Standard and customized cavity for encasing transmitters for pig tracking.
	Double Dish	Ideal for bi-directional operations and evacuation of liquids.
	Foam Balls	Bi-directional, short radius bends for drying, wiping and scraping.

ProVex FD™ Pig

Removal of liquids in gas lines, wax removal in crude oil pipelines, de-watering after hydrostatic testing, nitrogen purge

Available With:
Handling Ropes & Transmitter Cavities

- STANDARD SIZES ARE AVAILABLE IN WHOLE, QUARTER AND HALF INCH SIZING
- CUSTOM DESIGNS AND SIZES ARE AVAILABLE
